

Special Imaging Seminar

Thursday 9 July

Lecture Theatre S2 (Building 25, Monash Clayton)

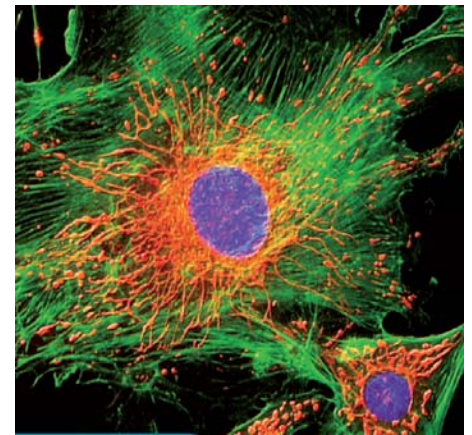

10:00-10:30 AProf Paul Rigby (CMCA UWA)
Methods for quantitative evaluation of confocal performance

10:30-11:00 Hisashi Okugawa (Nikon, Japan)
Spectral Confocal Imaging

11:00-11:10 Dr Andrew Marshall (CohSci)
Cell Imaging on a Biostation

20min break

11:30-12:00 Dr Won Do Heo (KAIST, South Korea)
Confocal live cell imaging applied to dissection of signalling networks

12:00-12:30 Monash Micro Imaging
An overview of various biological applications using the Nikon C1 and A1 confocals

12:30-1:00 Dr Xiaotao Pan (Photometrics, Singapore)
The EMCCD camera: principles and applications in the life sciences

VENUE: S2 Lecture Theatre, Building 25
Monash University, Clayton

Parking: free parking in Blue Zones.
